THE PROBLEM

Getting paid shouldn’t take this much work

Slow, unprofessional invoices

Typed in Word or written by hand, and different every time.

Chasing payments

Calls and WhatsApp messages to remind clients, with no record of who paid what.

Tax worked out by hand

NHIL, GETFund and VAT calculated on a calculator, and hoping it’s right.

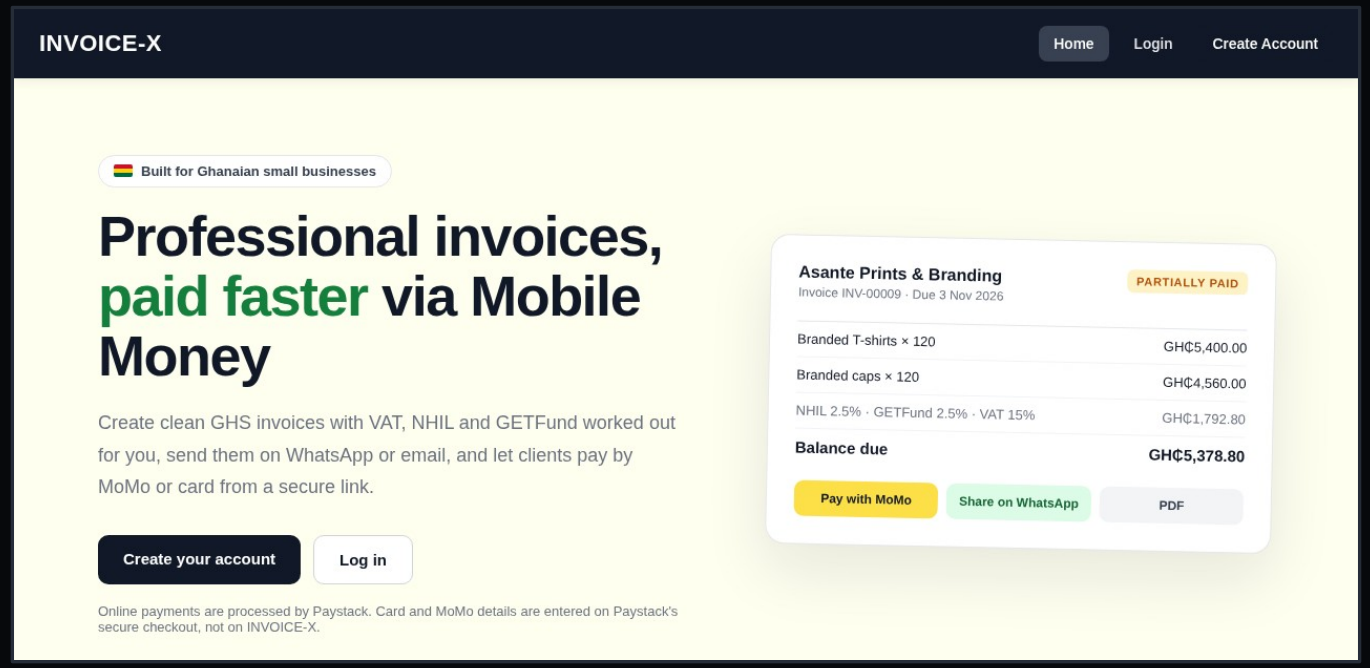

No clear picture

Hard to see what you’re owed, what you spent and what you actually made.
